Organic Calf Milk Powder

Caring for the next generation!

LACTORGANIC 26-16

Lactorganic 26-16 is a unique Organic Milk Powder, thanks to 60% SKIM MILK and natural high studied fibre, the product creates coagulum inside the abomasum which guarantees a perfect absorption of nutrients. This perfect absorption of nutriments minimise diarrhoea and improves the growing rate through the best conversion rate on the market.

PRODUCT BENEFITS

- Product rich in highly digestible milk protein (60% SMP content)
- Enhancement of body condition
- Butter Fat content balanced with vegetal fat
- Balance of elements and vitamins to prevent deficiencies
- Flora stabiliser for intestine comfort

60% SKIM BASED POWDER
